Randolph Partnership for Children

ANNUAL REPORT

2024 - 2025

Randolph Partnership for Children

Letter from the Executive Director and Board Chair

Dear Friends and Supporters,

As we look back on this past year, we are filled with deep gratitude for the many partners, donors, and community members who collaborated with us in support of the Partnership's mission. Together, we have strengthened the foundation for our county's youngest learners—children from birth to age five—and supported the families, caregivers, and early educators who nurture them every day.

This year, we witnessed the profound impact that collective effort can have in a child's earliest years. Through your generosity, we increased our collaborations with community organizations to ensure families have needed resources, engaged with families in new and exciting ways, and continued to support early educators across the county as they encounter ongoing challenges in post-COVID America. Ultimately, touchstones such as these reflect not just numbers, but the smiles, discoveries, and growth of 9,000+ young children in Randolph County whose futures are brighter because of your support**.**

We know that when we invest in early childhood, we invest in our community's future. We thank you for knowing it, too. Every contribution—whether financial, volunteer time, advocacy, or partnership—helps ensure that all children in Randolph County can grow, learn, and succeed from the very start.

As we look ahead, we remain committed to building a more connected, supportive system for young children and families and to elevating our county's childcare landscape. With your continued partnership, we will keep working to close opportunity gaps, strengthen early childhood programs, and champion the importance of the earliest years in shaping lifelong success.

Thank you for believing in the mission of the Randolph Partnership for Children and for standing with us in this essential work. Together, we are building stronger beginnings and brighter futures for children, families, and our entire community.

With gratitude,

LISA HAYWORTH
Executive Director

BEVERLY MOONEY
Chair, Board of Directors

VISION AND MISSION

VISION

We believe children are our future, and the community is an essential part of their path to success.

MISSION

To ensure strong families with healthy, well-prepared children by galvanizing our community to advocate for and invest in their future.

Randolph Partnership for Children

COMMUNITY

NC Pre-Kindergarten

398 Children participated for some portion of the year.

I have so many positive stories from this school year, but this one is especially dear to my heart. This has helped me grow not only as a teacher but as a person... I have a family in my classroom from India. Both parents and the child speak Hindi. They all speak enough English so we can carry on conversations. At the beginning of the school year, we did our first home visit. The family was so welcoming to my assistant and me as they brought us into their home. While visiting the home, the family talked about some of their traditions and customs. They also brought out different foods that they eat. The parents had us try some of their food and sent food home with us for our own families to try. Having this child in my classroom has expanded my knowledge, so in turn I can help the children in my class develop a broader understanding of the world around them. This family is very concerned and involved in their child's learning development. **Mindy Poindexter, NC Pre-K Lead Teacher**

Early Childhood Educator Training

The economic and community benefits of high-quality early learning and development experiences for all young children cannot be understated and include, increased graduation rates, increased economic wellbeing for all communities, and the long-term development of a high-quality professional workforce.

Provided Technical Assistance	77 Staff 23 Centers

Provided Training to

184 Teachers	At 31 Centers

Dolly Parton's Imagination Library

46,877 Books Mailed

My name is Cara Pack and my son has been receiving books from the Imagination Library since he was about 3 months old. He is now 2 1/2 years old; and he is thrilled to get his very own "Dolly" book in the mail every month. As soon as it comes out of the mailbox, we have to open it and read our newest book as soon as we walk in the door. Being an elementary school teacher in Randolph County, I get to see the difference it makes in a child's education when they have the opportunity to develop of love of reading early in life. So my family would like to thank all donors that support Dolly Parton's Imagination Library. Due to your generosity, the children in Randolph County, including my son, have the opportunity to have a physical book in their hands from their first moments; and I believe that is invaluable!

IMPACT

Parents as Teachers

In 2025 - 2026
PAT Served:
81 Guardians
60 Families
81 Children

Blanca is a young mother of four children, two under the age of five. I've served the family through Parents as Teachers for a little over two years, starting when Blanca was pregnant with her youngest, Eliana. Eliana has been read to since birth because, through PAT, Mom has been learning how to read with her children as well as the importance of reading... Mom recently shared that Eliana loves to read, and they have a nightly routine of a bedtime story before going to sleep.

Through goal-setting during home visits, Blanca was able to secure a job as a child care assistant at Head Start in Asheboro and begin working toward her two-year college degree... She enjoys the home visits because she knows she has someone who will listen and encourage her in her parenting journey. Thanks to the PAT program, she feels more confident in her parenting and better understands her children's development. **-Amanda Wall, Parent Educator**

Child Care Health Consultant

A big **thank you** to Cindy Trogdon for her years as the Child Care Health Consultant for Randolph County.

In 2024-2025

Created and offered 5 hours of tailored training to early educators, based on specific requests from child care providers. And provided First Aid, CPR, and ITS/SIDS training to 41 licensed child care centers and 5 family child care homes.

Randolph Books for Babies

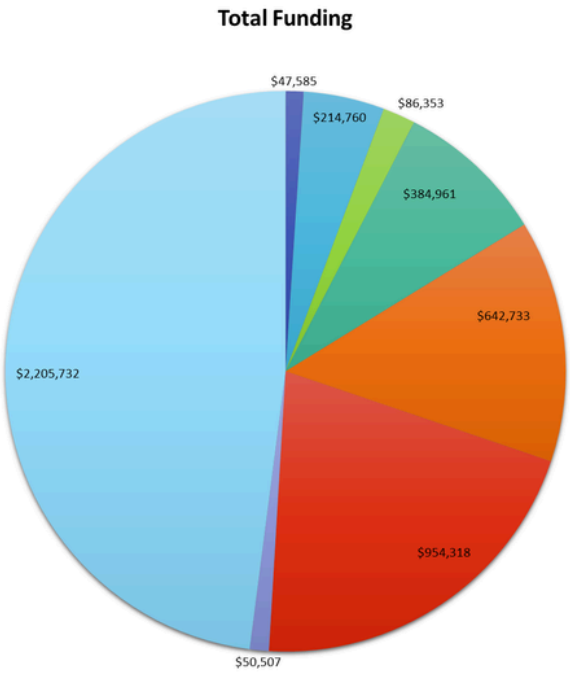

420 Bags Distributed

"Reading to babies and young children is so important, it provides the building blocks for language. And it gives them the tools for forming lifelong social and emotional skills."
-Pediatrician Sarah Klein, MD.
